Testimonials

Christine & Karl

From our first enquiry, right up to the wedding day Louize could not have been more helpful and patient, always on hand to answer any questions and make recommendations, and always quick to respond. My husband and I had to plan this wedding from England where we live, and Louize could not have been more helpful and accommodating with the distance, I can not imagine how you could plan a wedding without Louize, she is truly exceptional at her job.

I will always treasure the memories of the day!

Anne Marie & John

We can't thank you enough for helping us organise the day and we're so happy that we had our wedding.

From the moment I contacted you I felt a weight off my shoulders. With the wedding having to be rearranged several times and at several locations.

Nothing was a bother for you, you were so attentive and the whole day went like clockwork. The whole day went so smoothly and that is due to the professionalism and organisation of you.

Thank you again.
